

How can I register as a contractor?

To register as a contractor, you'll first need to sign up for an account. You can do this without purchasing a controller.

1. From the HydraWise [home page](#) ^[1], click on **LOG IN** at the top right of the page.
2. Select **REGISTER** at the bottom right corner to fill out the online form.
3. You will be asked to fill out the following:
 - **Name**
 - **Email**
 - **Irrigation Business name**
 - **Phone for customers to contact you**
 - **Business location**
 - **Business Website**
 - **Business Description**
4. Lastly, **check the box** if you would like your details visible online.

STEP 2

The login page features the Hunter logo at the top, followed by the heading "Log into Hydrowise". Below this are two input fields: "Email" and a password field represented by dots. A "Forgot password?" link is positioned to the right of the password field. A large green "Log in" button is centered below the fields. Underneath the button is the text "Or via" followed by a Facebook icon. At the bottom, the text "You don't have an account?" is displayed next to a red-bordered "Register Now!" button.

STEPS 3-4

The registration page features the Hunter logo at the top, followed by the heading "Register for an account". Below this is a paragraph explaining the purpose of the account and a note about the serial number. The form consists of several input fields: "Your name", "Your Irrigation Business Name", "Email", "Phone or Email for Customers to Contact you", "Email (confirm)", "Your Business Location", "Your Business Website", and "Describe Your Irrigation Business". There is also a dropdown menu for "Are you a landscape or irrigation contractor?" with the option "Yes, I'm a contractor" selected. A checkbox "I want my details listed online so customers can find me" is checked. A "Back to login" link is on the bottom left, and a green "Register" button is on the bottom right.

Register for an account

Create an account here to configure your Hydrowise or Hunter HC controller. You don't need to have purchased a controller - you can do everything as though you owned a controller except for the watering bill!

Once you have your Hydrowise or Hunter HC controller, simply enter its serial number into your account and it will download your settings and start saving water immediately.
