## Steps to take to change language via Google Chrome

To change the language in google Chrome, please follow the steps below.

Once you have downloaded and installed [Google Chrome](#) [1], you can then change the language to your desired language.

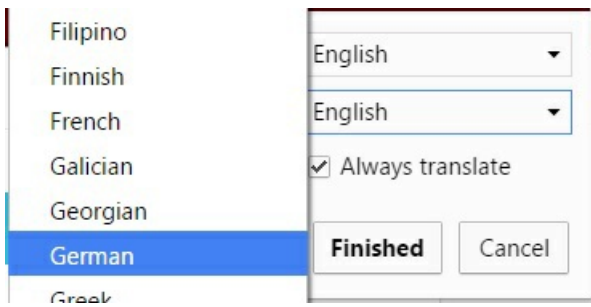

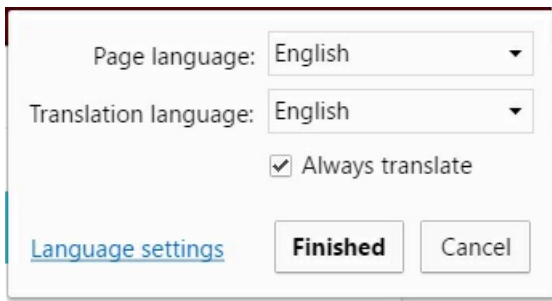

When you are logged in to your account, right-click anywhere along the top of the dashboard and select **Translate to English**.

Once you have clicked **Translate to English**, the next dialogue box will appear. Click on **Options**.

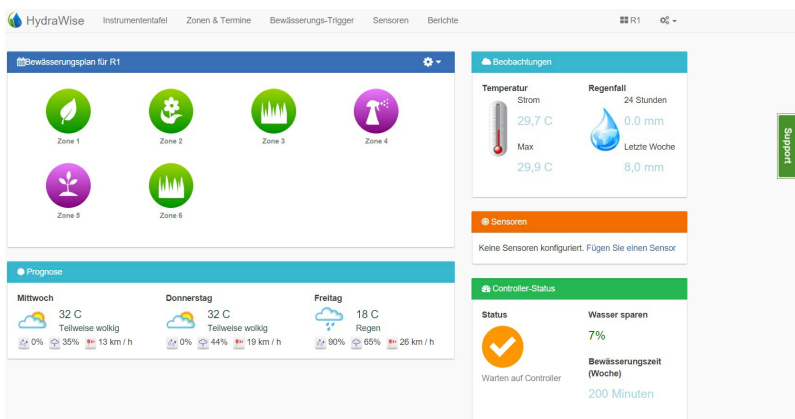

You will then be brought to the next two dialogue boxes:

From here, you can select the language of choice. You also have the option to check **Always Translate**.

**NOTE:** Translation sometimes does not occur automatically when you click to navigate to another page. When this happens, press F5 or click **Refresh** to refresh the page. Follow the steps again from the top to translate the page to the language of choice.

This example shows the page translated in German:

**IMPORTANT:** Please keep in mind that because translations are performed by Google Chrome, there may be some inaccuracies.

This method can also be used when going through our [Help Guides](#) <sup>[2]</sup> here on Zendesk. If you need further assistance, email us at [support@hydrawise.com](mailto:support@hydrawise.com).
