

# Upgrading Plan Using Credit Card

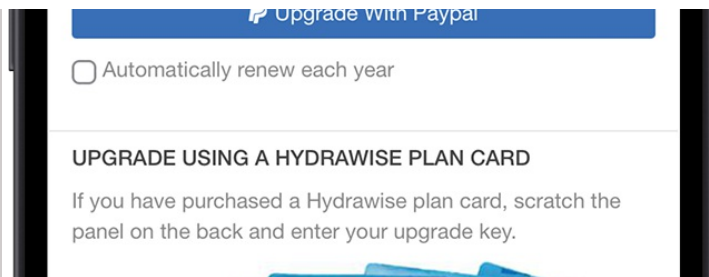

The Hydrawise system is free for most users worldwide. The [Weather Underground](#) <sup>[1]</sup> award-winning forecasting and airport weather stations meet the needs of the typical user. For those interested in even more water savings, the hyper-local weather feature in the Enthusiast Plan provides access to more than 100,000 personal, airport, and official weather stations, and allows you to monitor five weather stations at your location. To upgrade or renew your current plan, please follow the steps below:

**NOTE:** A PAYPAL account is not necessary for this transaction. For correct guest setup, be sure to uncheck the **Automatically renew each year box** shown in step #4.
