

# Account - Remote Feature

Hydrawise offers a "**Remote Feature**" that provides four styles of Manual Watering. This feature allows you to do any of the following.

Please view the steps and screenshots below to access and use this feature:

1. **Single Zone** – Allows you to manually start a single zone for the scheduled time or a time you manually change
2. **All Zones** – Runs all zones for the normally scheduled time or a time you manually change
3. **Programs** – Manually select either all or some zones to start
4. **Zone Tester and Winterization Tool** – For contractor system testing and winterization

Click on "**Remote Icon**" from the home dashboard. Then select one of four options to start a zone.

### Manually Start a Zone

Single Zone | All Zones | Programs | Zone Tester

1 - Front Garden  
2 - Rear Garden  
3 - Flower Garden  
4 - Rear Lawn  
5 - Pool garden

1 - Front Garden is scheduled to water in 8 Hours

Water for 10 minutes

Ignore rain sensor status

Close Start

### Option 2
