

HydraWise Home Automation with HomeSeer

HydraWise irrigation management technology is now compatible with **HomeSeer** home automation software. For more information, visit the HomeSeer [website](#) ^[1].

The HydraWise for HomeSeer integration plug-in is called **rnbHydra**. The plug-in is available for both versions of HomeSeer in production, version 3 (HS3) and version 4 (HS4, recently launched).

HomeSeer offers a complete support knowledge base, support desk, and additional contact information. Learn more [here](#) ^[2].

To get HydraWise for HomeSeer, click the links below:
