Delete Controller

If you need to delete a controller from your account, please use the steps listed below:

IMPORTANT: Ensure you are not configuring the controller that will be removed from your account.

1. Select the **MENU** icon () on the upper left-hand side of the app. If accessing from a web browser, click on the () on the upper right-hand side.
2. Scroll down to the bottom of the **ACCOUNT** section. Click on **My CONTROLLERS**.
3. Scroll down to view the controller that needs to be deleted. Click on the **THREE DOTS** to the right of the controller name you would like to edit.
4. Select **DELETE**.

The controller will now be removed from your account.
